

The company was established in 1999 by Dr. A. Rama Reddy and Mr. H.P. Rama Reddy. Recognized as one of the most prolific and world-class property developers in Bangalore. We have developed both top quality urban and luxury living spaces in over 10,000 BDA approved plots spread across 1000 acres in the last two decades. We have emerged as the largest plotted layout developers after BDA in Bangalore within BDA limits. We have developed properties around HSR layout as large as a couple of its sectors while offering customers value for their investment. Our properties have developed to become self-sufficient, encompassing schools, colleges, hospitals and shopping complexes like Vibgyor School, Bmax Hospital, Mount Zee School, Narayan E-tech and Eurotech to name a few.

After being in business for 17 successful years, RD has developed a number of communities, projects and plots in Bangalore, mainly in and around HSR Layout. What was once only an expanse of barren land has now turned into a locality thriving with commercial buildings, markets, schools, colleges and is a fully running residential area as well.
