## The Organizer NAR India

**The National Association of Realtors-India (NAR-INDIA)** was established in the year 2008 as the apex national level organization of real estate brokers, representing professionals across the length and breadth of the country.

NAR-INDIA aims to elevate the standards of practice of the real estate brokerage business to a global level where ethics, transparency, accountability, rule of law, and good governance prevail. The objectives of NAR-INDIA are to streamline and promote the profession of real estate brokerage in India.

Today, spread across 45 member associations in India with an overall reach of over 50,000 realtors, NAR-INDIA is firmly acknowledged as the credible Voice of Realtors in India. NAR-INDIA strongly believes in the strength of relationships and continues to maintain international liaison with NAR Global. At the national level, NAR-INDIA has signed bilateral agreements with CREDAI National, NAREDCO and NICMAR and continues to maintain its relationship with the **National Housing Bank (NHB)** - the country's housing finance regulator under the Reserve Bank of India, Government of India.
